Designed by Robert Trent Jones in the late 80's, this well established Championship 18-hole course is 5,827 meters long with a par of 72. Marbella Golf has an imaginative and impressive layout and the course challenges professionals and amateurs alike. Surrounded by lush green hills and olive trees, Marbella Golf is unique, beautifully complimenting the natural environment. Each hole is unique in character and afford views of the azure Mediterranean Sea. The numerous bunkers and lakes have to be successfully negotiated, if one is to achieve a good score. Little valleys, ravines and gullies trap the unwary on the first few holes.

The facilities the magnificent Club House offers are a stylish restaurant, conference rooms, Pro-shop stocking all of the latest clothing ranges, a golf academy with an excellent putting green and three tennis courts. The Marbella Golf Restaurant offers menus to fit your mood and is the perfect setting for an intimate lunch or a venue for a special event. The understated elegance of the indoor restaurant and the relaxed outdoor dining area with its shady terraces and fabulous views, provide our guests with an enviable choice of settings. We use only the finest and freshest seasonal ingredients, cooked to perfection and served with a smile.
